

Bill Runey  
Principal, Attleboro High School

Dear AHS Families, Alumni and Visitors,

Welcome to Attleboro High School where students, teachers, administrators, support personnel, and parents exhibit all aspects of **Blue Pride**. For many years, AHS has worked to provide a well-rounded and rigorous academic program that is designed to meet the challenges of the future while forming contributing members of our community.

Our commitment to a standards-based academic program is reflected in a strong college preparatory program, which includes many honors and Advanced Placement courses. Students also have the opportunity to take accelerated classes through colleges and universities. Just as important, as a comprehensive high school, Attleboro High School looks to educate the whole person by also offering courses in technology, art, business, choral and instrumental music, drama, physical education. Our commitment to preparing our students for life beyond high school is evidenced by the vast offering of courses offered by our Career and Technical Education Program. The labs that we house for Criminal Justice, Culinary Arts, Early Childhood Education, Carpentry, Medical Assisting, Automotive Technology, Visual/Graphic Arts, and our other CTE programs are some of the best in New England.

Our school community is a partnership with students and families. A well-rounded high school experience includes active participation in extracurricular activities. Again, we encourage students to become involved in our athletic programs, academic competitions, visual and performing arts programs, student government, and student clubs. In conjunction, we encourage parents to join a parent club/organization that supports our school's academic and extracurricular programs. We have the Blue Pride Ambassadors Club, School Council, Athletic Boosters, and various other parental outlets. Each of these organizations provides support for our students and teachers.

**Blue Pride** is exhibited in the educational experience at AHS. It permeates all that we say and do including providing a safe and positive environment that promotes a climate of respect, a hunger for achievement, and active participation in school activities. This website is a snapshot of the entire school community. We encourage you to see all that AHS has to offer. Additionally, our *Student Handbook* is posted so that you may review our protocols, procedures, and useful information for the school year.

Our administration and staff is student-oriented. If you are prepared to set high standards for yourself, work hard, and become proud that you achieved your goals, then Attleboro High School is the place for you!

If I can ever be of any assistance, please do not hesitate to contact me.

In the strongest sense of **Blue Pride**, I remain,

Bill Runey Principal
